Mammoth Yosemite Airport - Enplanements for May 2011

Enplanements are up 14% from last May (May 2010 vs. May 2011) and up 25% over last year at this time (January-May 2010 vs. January-May 2011). Daily flights continue through summer at the Mammoth Yosemite Airport.

The Bears are Back!

Now that spring has arrived, the black bears who call the Mammoth Lakes area their home are coming out of hibernation, and they are hungry! It is time to remind all our residents and visitors that it is our responsibility to KEEP WILDLIFE WILD. The best way of doing this, and preventing bears from becoming dependent on humans for food, is to follow these common sense rules:

- Never feed any wildlife, or leave food out for bears or other wild animals.
- Securely store food and fragrant items such as shampoo and deodorant in an airtight container. When camping, use a bear-proof box.
- Don't leave food, even in a cooler, in a car, tent, or other unsecured location.

- Don't leave pet food outdoors or use a bird feeder. Bears love bird seed!
- Always deposit trash in a bear proof trash can or dumpster.
- Keep your car locked and your garage door closed.
- Close and lock ground floor windows when no one is home.

It is not unusual to see black bears wandering through town. Enjoy them, but keep your distance. If you see a bear that is misbehaving (such as trying to get into a trash dumpster, vehicle, or building) call 911 immediately. The Town's Wildlife Specialist and police officers are trained to handle situations such as this. Bears are shy and generally afraid of people. If you feel threatened by a bear, yell or bang on something to scare the bear away. If by chance a bear enters a structure looking for food while you are inside, make a lot of noise and go into another room, close the door, and call 911. The bear will most likely be more frightened than you and leave.

It is also time to remind everyone that all wildlife, including deer, are on the move. When driving, especially at dusk and dawn, be on the lookout for wild animals crossing the roadway. Striking a deer or bear can be fatal – not only to the animal, but also to people in the car.

For more information on co-existing with wildlife in Mammoth Lakes, contact the Town's Wildlife Specialist Steve Searles at (760) 937-BEAR or Lieutenant John Mair at (760) 934-2011 Extension 44.

Community News

Help Clean-Up Our Town on June 11

Take pride in your neighborhood and volunteer to help clean up our Town on Saturday, June 11, 2011. Starting at 8:00 a.m., grab a bag and start cleaning up your street, neighborhood or town. At 12:00 p.m., please join us for a complimentary community picnic and raffle at Mammoth Creek Park. This annual event is sponsored by the Town of Mammoth Lakes and its many community partners.

Complimentary orange trash bags are available for the collection of trash - not household waste - (maximum 5 at one-time) from the following locations: Stellar Brew & Natural Deli, Looney Bean, Old NY Deli & Bagel, Mammoth Business Essentials, RE/MAX of Mammoth, Snowcreek Athletic Club, Town Offices, the Mammoth Lakes California Welcome Center, Mammoth Lakes Tourism Office, and the Mammoth Disposal Transfer Station located at 59 Commerce Drive.

From Monday, June 13 through Wednesday, June 15, 2011 Mammoth Disposal will be picking up Town supplied orange trash bags free of charge for private property owners. Orange bags need to be available for collection no later than Sunday evening, June 12, 2011. We encourage you to separate your green waste (pine cones/needles, etc.), trash and any recycling material, and try and limit the weight of the orange bags to 50lbs. Do not place any bulky items (refrigerators, appliances, mattresses etc.) or hazardous materials such as used oil, pesticides, car batteries or paint in the orange bags. The Mammoth Disposal Transfer Station will receive these items free of charge only on June 11, 2011 between the hours of 8:00 a.m. and 2:00 p.m.

The Town, Inyo National Forest and Mammoth Lakes Fire Department encourage the recycling of materials, including pine needles, pine cones and tree limbs less than 12" in diameter. Residents are able to bring these materials to the Mammoth Disposal Transfer Station free of charge on Saturday, June 11 for chipping between 8:00 a.m. and 2:00 p.m.

Neighborhood volunteers are needed to coordinate the 10 designated Town clean-up areas. If you are able to volunteer as a neighborhood coordinator (there can be more than one volunteer for each area), or would like to volunteer your group or organization to clean-up our town either before or during Town Clean-Up Day, please contact Recreation Supervisor John Connolly at (760) 934-8989 ext. 234 or jconnolly@ci.mammoth-lakes.ca.us. Keep on the look-out for more information about Town Clean-Up Day, and the Town thanks you in advance for taking pride in our community. A Bag a Person Really Helps!

Recreation Highlights

RecStrats Takes On High Altitude Training & Trails

The last Mammoth Lakes RecStrats core strategy topic-specific workshop is scheduled for Wednesday, June 8, 2011. This workshop will be held at the Mammoth Lakes Community Center, 1000 Forest Trail and will run from 4:00 p.m. - 7:00 p.m. Light refreshments will be provided.

The core strategy topic of this workshop will be High Altitude Training and Trails. Items to be reviewed and discussed will include, but are not limited to, all-weather track and field facility, Mammoth Lakes Trail System completion, development of ancillary sports medicine programs, aquatic center and a multi-sport facility for non-summer season training. Athletes of all levels are encouraged to attend this workshop in order to identify needs for enhancing the high-altitude training and trails experience in Mammoth Lakes.

Workshop participants will be asked to review ideas currently in the RecStrats document and brainstorm on what may be missing from the tasks identified in this core strategy. They will also be asked to identify what elements most align with the three RecStrats guiding principles of stewardship/management, economic development and growth and enhanced community quality of life. In anticipation of attending this last topic-specific workshop, interested participants are encouraged to review the RecStrats document at www.recstrats.com and be prepared to discuss what facilities, programs and activities and financial resources are needed to help achieve the vision of becoming "The Best Alpine Recreation Community in the Country."

If you are not able to attend the workshop, you are encouraged to provide your input for all of the core strategies by participating in the RecStrats survey. The survey is found at www.recstrats.com and also at key locations around town including the Mammoth Lakes Library, Mammoth Lakes Post Office, Snowcreek Athletic Club and

the Town of Mammoth Lakes offices. The information collected from the survey will be integrated into the information gathered at the public workshops.

For more information, please visit www.recstrats.com or call the Town of Mammoth Lakes Recreation Department at (760) 934-8989 ext. 222. Participants are also invited to subscribe to receive regular RecStrats updates at: www.ci.mammoth-lakes.ca.us/list.aspx.

Public Service Announcements

Town of Mammoth Lakes Dog License/Vaccination Clinic – June 18

It's time to renew Town of Mammoth Lakes dog license. Join us for our annual license sale/vaccination clinic in the Police Department parking lot on Saturday, June 18, 2011 from 4:00 to 5:30 pm. If your dog does not need a rabies vaccination update, you can just purchase a license for \$13 if your animal is spayed/neutered or \$30 if it is not. You don't need to bring your pet to the clinic unless it needs a vaccination update. Dr. Gaylon TeSlaa and the staff of Alpen Veterinary clinic will be on hand with low cost vaccinations for both dogs and cats.

Please bring proof of spay/neuter if applicable, and proof of a current rabies vaccination if your dog is not due this year. If you are paying by check, and will be purchasing a license and vaccinations, remember that you will be paying two separate bills. For everyone's safety, please have your dog on a leash and your cat in a carrier. If your animal doesn't do well with others, please leave it in your car until you complete your paperwork, and the vet will come to your vehicle to administer the shots.

By law in California, all dogs over the age of 4 months must have a license and be vaccinated against rabies. Mammoth Lakes does not require a license for cats. If you don't live in Mammoth, but can't make any of the Mono County clinics, you are

welcome to bring your animals for vaccinations. We won't, however, be able to sell you a Mono County dog license.

You may now purchase 2011-12 TOML dog licenses at the MLPD front counter, Tuesday through Friday, 8:00 a.m. to 3:00 p.m. Please bring proof of spay/neuter and current vaccination, or we cannot sell you a tag. For further information contact Sergeant Karen Smart at (760) 934-2011, ext 82, or ksmart@mammothlakespd.org

New Rule Before School Opens in the Fall!

All students entering grades 7-12 this fall must provide proof of having immunization against whooping cough ('Tdap') before starting school. In light of California's recent and ongoing whooping cough (pertussis) epidemic, there is no reason to wait for the new school year. Besides, the first day of school is busy enough as it is without having to "get shot"!

This new school requirement applies to all public and private schools, and includes students who are home schooled. California's parents are being urged not to wait for the new fall school year, since there will be no grace period. Under the new law, students will not be allowed to start school without proof of vaccination. All schools will be subject to selective review and audit.

If a child does not have health insurance, or is only partially insured, your child's doctor or the Mono County Health Department can provide information about the Vaccines for Children Program which provides free or low-cost vaccines. The Tdap vaccine is also available at Von's.

Be sure to add this to your "to do" list, and have your child vaccinated before you get distracted by all the fun summer activities. The first day of school will arrive before you know it! For more information, please visit www.ShotsforSchool.org, or call us at (760) 924-1830 for more information.

Motorists Urged to Use Caution

The Mammoth Lakes Police Department would like to caution motorists to be extra alert for migrating deer on Highway 395 and State Route 203. Large numbers of deer are on the move at this time of year and they pose a real threat to motorists. On Thursday, May 12, one vehicle swerved to avoid a deer and ran off Highway 395 near the airport. The deer was struck and killed and the driver and passenger were transported to Mammoth Lakes Hospital for injuries received in the collision. Both occupants were wearing safety belts which prevented more serious injuries from occurring. Another deer was struck and killed in the same area by a Mono County Sheriff's vehicle that was enroute to the first collision.

Mammoth Farmers Market Returns to Main Street

While Mono and Inyo County farmers are tending to the their crops, organizers of the Mammoth Lakes Farmer's Market are preparing the Main Street frontage road for another season of fresh produce, entertainment, artists, and fun. The Farmer's Market will begin on **Wednesday, June 15th** (crops permitting) and will continue weekly on Wednesdays from 4:00pm to 7:00pm until the end of September. A special Farmer's Market event will take place on Wednesday, July 6th to celebrate the 100th Anniversary of Devil's Postpile.

New this year, the market will be located in front of the Luxury Outlet Mall, and traffic on the frontage road will be re-routed to create a more pedestrian friendly

environment. Also new this year, organizers are welcoming artists, craftspeople, retailers, and non-profit groups to join in the fun. Local bands and entertainers are also welcome to come and showcase their talents.

If you grow it, make it, speak it, or sing it, you should be participating in the Mammoth Lakes Farmer's Market. Space is limited. For more information on being a vendor or performer, please contact info@greenfoxevents.com or (760) 709-6744.

Mammoth Creek Park Playground Equipment Removal

On April 20, 2011, the Mammoth Lakes Town Council approved funding to remove and replace the substandard playground equipment from Mammoth Creek Park. Parks Maintenance personnel have removed the non-compliant playground equipment and signage at the park notifies users of this action. The playground will be closed for the duration of the removal process. The replacement playground equipment is expected to be installed in mid-summer (hopefully prior to July 4). Please contact the Recreation Department at (760) 934-8989 Extension 222 for additional information and updates on completion.

SR203 Resurfacing Project

The SR203 pavement overlay that was completed October 2009 by Caltrans and subsequently failed in many areas along the route will be corrected this summer. Caltrans District 9 plans to start work just after the July 4th holiday and complete work mid-August 2011. Town staff will be meeting with Caltrans to review their detailed project schedule sometime in the next two weeks.

Leash Law Reminder

Mammoth residents and visitors are reminded that the Town has a leash law, and it is a violation of the ordinance to allow your dog to run loose off of your property. While budget cuts eliminated the Animal Control Officer position, the laws pertaining to controlling your pets did not change, and you can still be cited by Mammoth Lakes Police Department officers if your dog is at-large. The Police Department is currently receiving a large number of complaints from several neighborhoods, and will be targeting patrol time in those areas when possible to apprehend loose dogs and to cite their owners. In addition to the citation fine, you could also be charged boarding fees by Mono County Animal Control if we choose to impound your dog at the Whitmore Shelter. At-large dogs are a traffic hazard, and even the most well behaved dog can bite if provoked. If your loose animal causes a traffic collision or injures/bites someone, you would likely be liable for damages, which could add up to thousands of dollars. Please respect your neighbors, AND your pet and obey the leash law.

Town Outdoor Lighting Ordinance

In 2003, the Town implemented an outdoor lighting ordinance to eliminate light pollution and preserve views of our starry skies. The outdoor lighting ordinance was adopted to encourage residents to administer a lighting system that not only promotes public safety and night-time ambiance but to maximize energy conservation. To eliminate glare and light trespass into neighboring properties and roadways, the outdoor lighting fixtures on your property should be shielded and re-directed to shine downward or changed out to a lower wattage. More information about responsible lighting can be found at www.crlaction.org.
