News from the Town Manager

Town Council Meeting – August 20

The next regular meeting of the Mammoth Lakes Town Council has been scheduled for Wednesday, August 20, 2014 in Suite Z at 6:00 p.m. Visit the [Streaming Media Archive](#) to review the previous meeting minutes or view the webcast Town Council meeting.

August Commission/Committee Meetings

Aug. 20 Board of Appeals/Building Advisory Committee Meeting, Main Conference Room, 4:00 p.m.

Celebrate the Town's 30th Anniversary this Friday – 80's Style!

Step back in time to 1984 at Shady Rest Park this Friday, August 15, 2014 at the Town of Mammoth Lakes 30th Anniversary FREE Community Party. Festivities begin at 3:00 p.m. with a plethora of games and activities for all ages. The anniversary ceremony begins at 7:00 p.m. with a speech by the Mayor, followed by a community toast and celebratory cupcakes. For the following two hours its nothing but the best of the 80's!

"It's a flashback to the 80's so come dressed in an outrageous costume, hit the custom disco floor – complete with disco ball, and "Whip it" up with Devo, or "Walk Like an Egyptian" with the Bangles, and don't forget to wear Corey Hart's "Sunglasses At Night," suggested Stuart Brown, Recreation Manager. "Prizes will be awarded for best costume and dance moves!"

Roving entertainers dressed as the flamboyant musician formerly known as Prince, along with "MJ" the King of Pop will have you moon-walking and dancing to the timeless 80's songs throughout the evening. We also invite you to visit the interactive booths and learn more about the Mammoth Elementary School PTO, water conservation with the Mammoth Community Water District (MCWD), Mammoth Lakes Tourism and the Town's Community Emergency Response Team (CERT).

Join us for complimentary games on the lawn, such as beanbag toss, Blongoball, horseshoe toss, giant Jenga, Twister and Connect 4 along with sand volleyball, roller skating, skateboarding, soccer, the ever-popular Dunk Tank (small-fee), pick-up soccer and more.

Feeling hungry? We've got you covered. The Mammoth Lakes Lions Club will be serving summer favorites including: hamburgers, pulled pork sandwiches, polish dogs, soft serve ice cream cones/sundaes, nachos, popcorn, lemonade and sodas.

Roberto's will also be serving their tantalizing tacos and Pita Pit will be offering mouth-watering unique soft and roll-able pita bread - it's fresh thinking, healthy eating!

Feeling thirsty? Purchase water from the Welcome Booth for only \$2.00 (3 for \$5.00), refill your water bottle at the Mammoth Community Water District (MCWD) Water Station, or buy your cold adult beverages including beer, wine and mixed drinks from the Mono Council of the Arts Beverage Bar.

The Town encourages the community to take the complimentary Town Trolleys operating every 15 minutes along Old Mammoth Road and Main Street with a special stop at Shady Rest Park. All trolleys operating between 2:30 p.m. and 9:30 p.m. on August 15 will stop at Shady Rest Park so jump on and celebrate the Town's 30th Anniversary! Dogs are also welcome at the party on a leash. Feel free to bring your own chairs, blankets and shade then chill out for the afternoon in the family chill-zone adjacent to the stage and games.

This event is proudly brought to you by the Town of Mammoth Lakes, Green Fox Events and Guest Services, Mammoth Community Water District, The Sheet, Mammoth Times and Sierra Wave. The Town would also like to thank Vons, Sue Ebersold and the Mountain Cakery for donating the 1,000 mouth-watering branded cupcakes.

For additional information about the event, please visit the dedicated website: www.MammothLakes30.com or contact Stuart Brown, Recreation Manager and Public Information Officer at (760) 934-8989 ext. 210.

Town Channel 51 Has Moved!

The Town's dedicated channel, TV 51 has moved to Channel 18. The move was necessitated by Suddenlink and their local programming needs. TV Channel 18 will still continue to provide access to all the Town's meetings with live and taped coverage of Town Council, and advisory body meetings such as the Planning and Economic Development Commission and Recreation Commission. For meeting dates and times, please visit: www.townofmammothlakes.ca.gov.

Mammoth Lakes Police Department Weekly Report

Community News

Shakespeare in the Woods!

Sierra Classic Theatre presents "A (Mammoth) Midsummer Night's Dream" outdoors at Sam's Woods--Shakespeare's enchanting, enduring comedy with a modern mountain twist, directed by Susan Dalian and featuring a Mammoth and Bishop cast. Three performances left - Friday, Saturday, Sunday, August 15-17, 6:00 p.m. Admission is free; \$10 donation suggested. Beer and wine for sale; picnicking encouraged (arrive early for the best seating). Bring your own low-backed beach chair or use seating provided. More information: sierraclassictheatre.com.

Mammoth Wine Weekend

Wine and dine for four days at the Mammoth Wine Weekend, August 14-17, 2014. Enjoy unforgettable culinary experiences with chefs Bobby Brown and Mark Estee. Take a scenic gondola ride to Parallax Restaurant for dinner with a gorgeous mountain sunset. Stroll through the Village at Mammoth sampling more than 20 wineries pouring 45 vintage wines, and wake up with a gourmet meal and champagne for brunch. For tickets and more information, visit: www.MammothMountain.com.

Sierra Summer Festival - Aug. 13-16

This year, the Sierra Summer Festival Orchestra performs works by Wagner, Gounod, Schuman, Kabalevsky, Mendelssohn, Haydn, Prokofiev, and Vivaldi's Four Seasons! Held at St. Joseph's Catholic Church beginning at 8:00 p.m. Information and tickets on www.sierrasummerfestival.org

Dion Agee Named Executive Director of Mammoth Lakes Foundation

Evan Russell, CEO and President of Mammoth Lakes Foundation, announced the return of Dion Agee to the Mammoth Lakes Foundation as its new Executive Director. Agee, who worked for the Foundation for a brief period back in 1999, takes over beginning immediately, managing all the

day-to-day activities. Agee has a long history in the Mammoth Lakes Community, the son and grandson of locals Dennis Agee and Bob Bumbaugh respectively, both of whom are closely associated with the Foundation's founder Dave McCoy. "Dion has a lot of valuable experience both outside and within Mammoth Lakes," stated Russell. "Now that I'm ready to transition out of the Foundation after it's been effectively working for 25 years, we have someone who is the ideal candidate to take us into the next 25 years." Russell remains at the Foundation working on opportunities for the Foundation land, lending a hand as needed, and specifically managing special projects including the proposed Performing Arts Center.

"I'm excited about the future of the Foundation that has successfully supported the community for 25 years. It's my dream job," stated Agee. "There are challenges, but there is also so much opportunity. I'm excited that we have a great team in place to continue Dave's commitment to and passion for the community. Shira Dubrovner has been doing a terrific job of bringing culture to the local community. Juliana Olinka moves into the position of Development Director from Marketing Director, Steven Krystek continues as Office Manager/Donor Services as does the South Gateway Student Apartment team of Jeffrey Smith and Jill Keefer."

If you'd like to learn more about MLF or meet with Dion Agee in person, email him at dion@mammothlakesfoundation.org or call (760) 934-3781. You can also join the entire Mammoth Lakes Foundation team on September 7th at its 15th Annual Mammoth Lakes Foundation Golf Classic at Sierra Star Golf Course (www.BiddingforGood.com/MLFgolf).

Caltrans Lane Closure Report for the week of 8/17/14 – 8/23/14

The California Department of Transportation (Caltrans) would like to alert the traveling public to be careful of workers on the Highway, to Slow for the Cone Zone and Move Over where possible. The scheduled lane closures for the week of August 17th through August 23rd, 2014 are as follows:

- Inyo County – SR 136 & SR 190 Intersection – Lane Closures - Grinding operation in progress
- Inyo County – US Hwy 395 – Lane Closures - South of Lone Pine (PM 44.5 – 53.271) Grinding Operation in progress
- Kern County – SR 178 – Norma Street to Graaf Avenue (PM 100.11 – 100.84) – Highway Construction - #2 lane and median are closed.
- Mono County – SR 120 west- Lane Closures - Ellery Lake Campground Road - PM 0.00 – 2.41 – Utility Work
- Mono County – US Hwy 395 – Lane Closures - 2.8 miles south of Lower Rock Creek Rd - PM 6.5 – 10.26 – Paving Operations
- Mono County – US Hwy 395 – Lane Closures - Virginia Lakes Road - PM 63.54 – 66.0 – Drainage Work

When approaching a lane closure the traveling public is advised to reduce their speed, observe the Caltrans signs, and watch for personnel and equipment working on the highway.

For current road conditions check Caltrans QuickMap site at quickmap.dot.ca.gov

15th Annual Mammoth Lakes Golf Classic Adds Digital Registration!

The 15th Annual Mammoth Lakes Foundation Golf Classic, sponsored by Ron & Shirley Heck, takes place Sunday, September 7, 2014 at Sierra Star Golf Course. The MLF Golf Classic supports higher education and cultural enrichment in the Eastern Sierra—all part of Dave McCoy's vision for a better community. This year MLF teams up with Bidding for Good, a non-profit support site, to register golfers and coordinate the silent auction component of the classic. Golfers can register and sign up at BiddingforGood.com/MLFgolf, to sponsor a tee or hole, and see and bid on some of the silent auction items one week prior to the event.

"We're excited to offer an alternative means of participating in the event this year," stated MLF Executive Director Dion Agee. "Technology makes it possible for more people to support non-profits more easily. Even if you can't play in the tournament this year, you can donate, commit to a sponsorship or even bid on silent auction items. The Bidding for Good technology will also allow for real-time bidding during the tournament which should make the event even more exciting."

Early Bird registration is available through August 31st. Players can register for \$99 per person or \$396 per foursome. The tournament is a best-ball scramble with a 10:00 am shotgun start with on-site registration and continental breakfast available starting at 8:30 am for those who want to get in a little putting practice. A Super Ticket will be available for \$25, limited to one per player, with the Grand Prize being a new iPad. There is also a raffle with multiple prizes with tickets sold on the course at all Par 3s by MLF Scholarship students. Tee Sponsorships are \$125 each and Hole Sponsorships are \$300 each. Several other sponsorships are also available for Breakfast, Lunch, Beverage, and Awards celebration. Title Sponsors are Ron and Shirley Heck and the Putting Challenge sponsor is Ormat. Dave Schacht of Sierra Star Golf Course coordinates all the course activity, including a "Beat the Pro" contest on Hole 2 and the Putting Contest with a guaranteed winner. For additional information about the Tournament contact Dion Agee or Juliana Olinka at (760) 934-3781. To sign up now, visit www.BiddingForGood.com/MLFgolf.

Friends Of The Inyo – Mammoth Trails Report

As the San Joaquin River leaves Devils Postpile National Monument, it twists and turns through the Sierra Nevada where it eventually feeds into the Mammoth Pool Reservoir. This where the French Fire has been burning and what was responsible for making the skies in Mammoth Lakes so smoky over the last couple of weeks. On Sunday, August 10th, the Sierra National Forest stated that the interior parts of the fire are cooling but unfortunately, more smoke could be possible. However, while the sky remains clear the trails throughout Red's Meadow are certainly worthy of excursion.

On Saturday August 10th, 53 volunteers converged on the Sotcher Lake loop trail and feeder trail for the fourth Summer of Stewardship Event of the season. Volunteers improved informational signage, maintained and installed trail drainage structures, re-established trail tread around upturned root balls and more. After the infamous blow down of 2011, the trail connecting Sotcher Lake to Minaret Falls was buried by trees and all but forgotten. Now hikers can enjoy this unobstructed and retreaded stretch of trail that meanders through mixed conifer forest. While hiking, make sure to include the lake loop trail. Here, Giant Mountain Larkspur can be found growing overhead and, on the far end of the loop, the stream gently cascades before emptying into the lake.

Anyone looking to avoid a bus-ride or an entry fee can park at Horseshoe Lake and hike west. Some of the best loop hikes in the Mammoth Lakes Trail System (MLTS) can be linked up between any combination of Mammoth Pass, McLeod Lake, Crater and Upper Crater Meadows, the John Muir Trail, Red Cones and Reds Meadow. These trails offer some of the best vistas of the San Joaquin Valley while making their way through mature old growth, blown-down and charred forest communities. While hiking be watchful for some of the stateliest Red Fir and Western White Pines that grace the MLTS. Through the burn wildflowers such as Aster, Daisy, Pennyroyal and others grow in the company of sapling pines and spruces to begin the new forest succession.

This trail report is provided by Friends of the Inyo with support from the Town of Mammoth Lakes – Mammoth Lakes Trails System funding. The next opportunity to get out and give back to your public lands is August 23 -- Coldwater. Join the Inyo National Forest, MLTPA and Friends of the Inyo for the fifth 2014 Summer of Stewardship project working to improve and maintain these popular trails. For more info contact Chris Niebuhr: chris@friendsoftheinyo.org and/or Matthew Paruolo: matt@friendsoftheinyo.org.

Recreation Department Highlights

Free Drop-In Skate Session At Shady Rest Park

This Friday, August 15, the Town is throwing a huge 30th Anniversary Community Party at Shady Rest Park from 3:00-9:00 p.m. with a plethora of fun games, food, attractions, 80's dance party, temporary roller rink, 1,000 cupcakes, and more. From 3:00 – 7:00 p.m. Recreation and Wave Rave staff will be hosting a free jam session at the Shady Rest skate park. Because our skate camps were so popular, this is your personal invite to come on out and get some more street skating in before summer ends. This invitation is open to all friends and family too - come on out and see what this engaging camp is all about. Light snacks and drinks will be provided!

Not sure if the WaveRave skate camp is a fit for your child? Below is a quick edit made from our final session: <http://www.magisto.com/embed/K1QXKkQVBT89URNiCzE>

And one last reminder: even if you can't attend, don't forget to plan on the 16th annual WaveRave competition at Volcom Brothers skate park happening on Saturday, August 23. It's free to enter and all the children walk with lots of great prizes and giveaways.

Showboat Youtheatre Sails into Mammoth

The workshops, sponsored and invited by Mammoth Lakes Recreation Department will be held at the Community Center and Mammoth Lakes Arts Center. The children from 5 to 10 years of age will be working on "Free to Be a Family" from 9 a.m. until 11:00 a.m. and the more advanced thespians from 10 and up will be working on the adapted, well known musical "Mama Mia." The workshop/rehearsals will be held on August 11-23, with local recitals for both shows the weekend of August 22 & 23. Cost is \$100 for kids 10 and under, \$110 for ages 11 and up. For further information and to register for this exciting and creative summer camp, either register online at www.mammothrecreation.com or call John Connolly at Mammoth Lakes Recreation at (760) 934-8989 ext. 234.

- "Free to be a Family" Showtime: Friday, August 22, 7:00 p.m.
- "Mamma Mia" Showtime: Saturday, August 23, 7:00 p.m.

All performances are at the Mammoth Lakes Arts Center. 549 Old Mammoth Road (Sherwin Plaza). A \$5 suggested donation will be accepted at the door. DON'T FORGET FLOWERS FOR YOUR FAVORITE PERFORMER! RESERVED SEATING GOES ON SALE TUESDAY - \$7 each seat (First four rows are limited to 4 tickets per performer).

Adult Coed Dodgeball This Fall At The Reczone!

The Recreation Department is bringing back Dodgeball! Games will be held every Monday and Wednesday at the Mammoth RecZone beginning at 5:30 p.m. This will a great time under the lights at the RecZone (adjacent to the library) with music, fun and more! Games commence September 3 and wrap up on September 29, 2014. Fee is only \$84 per team. Teams must have at least 4 men and 2 women on the court at all times.

Public Service Announcements

Desert Springs Trout Farm to Stock Trout in Mammoth Lakes this Year

As fishing opener nears, the latest angling news in the Eastern Sierra is that the Town of Mammoth Lakes and Mammoth Lakes Tourism are working with Desert Springs Trout Farm for fish stocking in the Mammoth Lakes Basin for 2014.

“Conway Ranch’s water issues are very unfortunate, but luckily we have found a solution for this year with Desert Springs,” explained Mammoth Lakes Tourism Executive Director, John Urdi.

Desert Springs will provide at least 11,000 pounds of fish compared to the 7,600 pounds (nearly a 45 percent increase year over year) the Lakes Basin received last year, which means anglers will have an even greater opportunity to land a big one this summer.

“The fish that will be stocked in the Lakes Basin would be the same types of trout that Eastern Sierra anglers have caught in the past, from browns to rainbows, etc.,” said David Mcfarland, partner of Desert Springs Trout Farm. The trout will also be the trophy-sized, 3-5 pounders to which Eastern Sierra anglers are accustomed.

“Not only will we continue to have frequent fish stocking, but in the Mammoth Lakes Basin we will have even more fish,” Urdi continued. The extra fish are coming from a combination of Town of Mammoth Lakes and Mammoth Lakes Tourism funding.

The extra fish mean the lakes will continue to be stocked well into October ensuring great fishing opportunities through the end of the season on Nov. 15. Anglers visiting in the fall at the end of the season will have just as good of a shot to catch a huge fish as someone visiting earlier.

As always, anglers 16 years of age and older must have a fishing license. You can purchase an annual, one-day or two-day fishing license (valid for two consecutive calendar days). Information concerning license requirements, places to purchase and fees maybe obtained from the [Department of Fish & Wildlife](#) or by calling 760-934-2664. Fishing licenses may be purchased in several locations around the town of Mammoth Lakes.

Tis The Season for Hantavirus

Although mice carry the hantavirus all year, this is the start of the season when humans typically begin activities that put them at risk of being exposed to the hantavirus. Spring cleaning activities, such as opening up closed buildings that have been unused overwinter, often provide habitats for deer mice and become sites for human exposure to the hantavirus. Although hantavirus infections are relatively rare, it is not unusual for us to have several cases per year in the Eastern Sierra. The risk of death is significant. Individuals cleaning areas where the mice may be present are well advised to heed the recommendations below in order to avoid exposure.

Hantavirus is carried by certain species of rats and mice, and especially the deer mouse, pictured above. Infected rodents shed the virus in their urine, droppings, and saliva. The virus can be transmitted to people when infected mouse urine, saliva, droppings, or nesting materials are stirred up, temporarily aerosolizing the virus, which can be breathed in by humans.

We recommend the following precautions:

- seal openings that may allow mice to enter homes and workplaces
- remove brush, woodpiles, trash, and other items that may attract mice
- tightly close garbage cans, pet food containers, and other food sources
- wear protective gloves to handle dead mice or to clean up nesting areas, urine, or droppings
- before cleaning up nests or droppings found inside, open windows and doors to ventilate the area for at least 30 minutes
- do not stir up nests by sweeping or vacuuming. Dampen areas before clean-up
- use a disinfectant or 1-to-10 bleach-water mixture to clean up dead rodents, nests, urine, and droppings

Early symptoms of hantavirus infection include fatigue, fever, and muscle aches. These symptoms may be accompanied by headaches, dizziness, chills, nausea, vomiting, diarrhea, and abdominal pain. Later symptoms include coughing and shortness of breath. If hantavirus is suspected, people should contact their health care provider immediately. Remember, infections with hantavirus may feel like the “flu”; however, it is no longer flu season!

For more information, including an interactive map showing Mono and Inyo County specific information, go

Limited Funding Now Available to Replace Wood Stoves in Mammoth Lakes

Property owners in the Town of Mammoth Lakes who would like to replace old wood stoves with more efficient and cleaner heating systems may now qualify for up to \$2,000 toward the cost of the new heating system.

To qualify for replacement costs, the existing wood-burning system (wood stove or open fireplace) must be a building's primary heat source, it must be located within Town limits, and it must fall into one of two qualifying categories:

1. For homes or buildings purchased in 1990 or earlier,* and still relying on pre-1990 wood burning systems, \$1,500 may be available toward the cost of a new EPA Phase II-certified wood burning stove or fireplace, or \$2,000 toward the cost of a new EPA certified pellet stove or gas heating system. Documented proof of property purchase date is required.
2. For wood stove models currently being used that are newer than 1990 (EPA Phase I or II-certified), \$2,000 may be available toward replacement costs for a new, cleaner burning pellet stove or gas heating system. This applies to replacing post-1990 wood stoves with pellet or gas (propane and kerosene) systems only.

**Properties that were purchased or changed ownership after 1990, and not upgraded to EPA certified heating systems (Phase I or Phase II) as required by Town Municipal Code 8.30, do not qualify for funding under this program.*

All old stoves replaced through this program must be freely relinquished to the participating stove retailer or installer at the time of the new system's installation, and program funding will be paid to participating retailers only. No exceptions to these requirements will be granted.

Funding is limited and available for two months only - sooner if funds run out - through a 'first come, first served' basis. All interested Mammoth Lakes property owners are encouraged to immediately contact one of the local participating retailers serving Mammoth Lakes: Alpine Stove & Mercantile; Angelo's Stove & Chimney, Clean Sweep; High Country Lumber; and Batchelder Enterprises for kerosene heating systems.

For more information about qualification requirements, contact the Clean Air Projects Program, at 760.914.0388 or email capp@gbuapcd.org

This program is funded through a CAPP block grant awarded to the Town of Mammoth Lakes from the Great Basin Unified Air Pollution Control District and Los Angeles Department of Water and Power. <http://capp.gbuapcd.org>

Sierra Conservation Project and Town of Mammoth Lakes Partner to Expand Condominium and Business Recycling Program

The Sierra Conservation Project, Inc. (SCP) and Town of Mammoth Lakes are pleased to announce the expansion of the current condominium, commercial and recreational area recycling programs in the Town of Mammoth Lakes.

"This long-standing and successful partnership between the Sierra Conservation Project and the Town enabled us to submit and receive a substantial \$108,000

CalRecycle grant to expand on-going recycling programs within the community that benefits our residents, visitors and wildlife," stated Peter Bernasconi, Acting Public Works Director for the Town of Mammoth Lakes.

The Sierra Conservation Project is working in partnership with the Town of Mammoth Lakes and the Department of Resources Recycling and Recovery (CalRecycle) to provide an additional 30 bear proof containers to the remaining Condominium complexes in town that currently don't have a recycling program in place. In addition, CalRecycle grant funds will enable SCP to upgrade all commercial bear proof containers at restaurants, bars and other business locations in town, including the enhancement and placement of recycling infrastructure in the Lakes Basin and at key park locations in Mammoth Lakes, such as the Whitmore Recreation Area and Shady Rest Park.

Recyclable materials make up a large percentage of the waste produced in our residential complexes and businesses," stated Brian Robinette, owner of SCP. "These community-based programs aim to divert recyclable materials from our local landfill, while also educate our residents and visitors on the need for convenient recycling programs. We are confident that by providing start-up infrastructure for these complexes and businesses it will help make program implementation affordable and reduce the environmental impacts of each resident and guest," said Robinette.

To register for the Condominium Recycling Program, please visit www.recyclesierra.com or www.Townofmammothlakes.ca.gov.

For additional information on the **Condominium and Business Recycling Program**, please contact Sierra Conservation Project at (760) 914 0115 or e-mail Brian@recyclesierra.com.

Protect Your Children... Child Seats Save Lives!

California Highway Patrol Bridgeport Area officers participated in the Health and Safety Fair's held in Lee Vining and Bridgeport, California today. Between the two locations, the officers checked five child safety seats. During child safety seat checks, officers make sure the seat is installed properly, is the appropriate size for the child, is free of defects and has not been recalled. The California Highway Patrol receives specialized training and funding for this program through a grant from the California Office of Traffic Safety through the National Highway Traffic Safety Administration. The goal is to reduce the number of fatalities and injuries in collisions in which victims did not use, or improperly used their vehicle occupant restraint systems.

Many people are unaware of the recent child seat safety laws. Current California law states each child SHALL be properly restrained in a child safety seat, booster seat or other restraint system in the back seat, until the child is 8 years old OR at least 4 foot 9 inches in height.

Exceptions are:

- There is no rear seat.
- The rear seats are side-facing jump seats.
- The child passenger restraint system (CPRS) cannot be installed properly in the rear seat.
- All rear seats are already occupied by children under the age of 12 years.
- Medical reasons require that the child not ride in the rear seat. The court may require satisfactory proof of the child's medical condition.

Additionally, the law states that a child may not ride in the front seat of a motor vehicle with an active passenger air bag if the child is: under one year of age, weighs less than 20 pounds, or is riding rear-facing in a CPRS. Refer to: www.chp.ca.gov or contact your local California Highway Patrol (CHP) office for more information and/or assistance with the installation of your child safety seat.

Would You Leave A Loaded Gun on the Floor?

If you have children in your home, hopefully you would not! However, a new threat to the health of our children is emerging. These are e-liquids, sold legally in stores and online in small bottles that may be carelessly and casually left around the house, used for the regular re-filling of e-cigarettes.

The danger is from the nicotine content in these vials of "juice". Children can happen upon a vial and ingest it. These fluids come in flavors and bright colors that are attractive for kids – cotton candy, cherry, chocolate, and bubble gum among others. In addition, nicotine is absorbed through the skin, presenting a risk from a broken vial.

Electronic cigarettes, called e-cigarettes, are drug delivery devices originally designed to look like regular tobacco cigarettes. Now they are larger reusable gadgets that can be refilled with liquid, generally a mixture of nicotine, flavorings, and solvents. It is estimated that roughly four million Americans use these battery powered devices. They have been hailed by proponents as a way for addicted smokers to get their nicotine fix without sucking in the thousands of carcinogens found in traditional cigarettes.

However, the evidence of their effectiveness in assisting persons in weaning off their nicotine addiction is less than stellar. In addition, evidence is rapidly mounting that they are serving as a "gateway" for young teens into the world of nicotine addiction. A recent study found nearly 1.8 million youth had tried e-cigarettes, and the number of middle and high school e-smokers doubled in one year. No wonder the industry targets the young who will be potential customers for decades to come! Their goal – to have the number of e-smokers quadruple in the next few years.

So how bad is the risk of exposure? Nicotine is a naturally occurring powerful neurotoxin, and in its potent liquid form, can be ingested or absorbed through the skin. Tiny amounts can cause vomiting, seizures, and even death. A teaspoon of even the highly diluted liquid can kill a small child.

A dose of 50 to 60 milligrams (mg) is potentially fatal for an adult; a 30 pound child could die from 1.36 mg. A vial of e-juice as commonly sold in retail stores is 17 milliliters, and with a 2.4% concentration would have 408 mg of nicotine. This year it is estimated that 1 to 2 million LITERS of liquid will be sold, much of it on the Internet. A liter of 10% concentration costs about \$110, a gallon \$195, and one company even offers a 55 gallon drum!

Nationwide, reports of accidental poisonings linked to e-liquids in 2013 jumped 300% from 2012, and is on pace to double again this year. Most cases are under the age of 4. A shop owner says that "We tell them that this stuff is poisonous. We do everything we can to protect the consumers, but at the end of the day, you leave a loaded gun on the floor, and your child gets hold of it, it's not gonna be the gunmaker's responsibility." A CEO of e-cigarette franchises says "It's the wild, wild west right now." There is no FDA regulation so far. So at the moment, if you are a user, your child has to go no farther than your own home to find a lethal dose of

poison. Be aware of the risks, and keep vials out of reach. You are responsible for the safety of your children.

Governor Brown Declares Drought State of Emergency

With California facing water shortfalls in the driest year in recorded state history, Governor Edmund G. Brown Jr. today proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for these drought conditions.

"We can't make it rain, but we can be much better prepared for the terrible consequences that California's drought now threatens, including dramatically less water for our farms and communities and increased fires in both urban and rural areas," said Governor Brown. "I've declared this emergency and I'm calling all Californians to conserve water in every way possible."

In the State of Emergency declaration, Governor Brown directed state officials to assist farmers and communities that are economically impacted by dry conditions and to ensure the state can respond if Californians face drinking water shortages. The Governor also directed state agencies to use less water and hire more firefighters and initiated a greatly expanded water conservation public awareness campaign (details at saveourh2o.org).

In addition, the proclamation gives state water officials more flexibility to manage supply throughout California under drought conditions.

State water officials say that California's river and [reservoirs](#) are below their record lows. Manual and electronic readings record the snowpack's statewide water content at about 20 percent of normal average for this time of year.

The Governor's drought State of Emergency follows a series of actions the administration has taken to ensure that California is prepared for record dry conditions. In May 2013, Governor Brown issued an [Executive Order](#) to direct state water officials to expedite the review and processing of voluntary transfers of water and water rights. In December, the Governor formed a [Drought Task Force](#) to review expected water allocations, California's preparedness for water scarcity and whether conditions merit a drought declaration. Earlier this week, the Governor toured the Central Valley and spoke with growers and others impacted by California's record dry conditions.

Town Administration Offices Closed to the Public On Friday

The Town of Mammoth Lakes Administrative Offices located on the second floor of the Minaret Village Mall will be closed to the public every Friday. Appointments with staff are available on Fridays by reservation only, for the submittal of plans, permits, payments, etc. so please plan ahead accordingly. There will be no changes to the daily operations of the Mammoth Lakes Police Department, Mammoth Yosemite Airport or the Public Works Department.

This office closure is an initiative to enhance the productivity and efficiency of employees. Town Council established Priorities for Fiscal Year 2013/14 that included the provision to provide sufficient resources and support to Town staff to effectively do their work. Goals of effective management include: commitment to increase IT funding, support additional funding for the replacement of the finance system, fund sufficient staffing in the Town's departments that provide critical services (finance, Public safety), and to encourage an increase in productivity without reducing service levels.

The Town encourages our residents and visitors to purchase their Recreation products or reservations online at www.mammothrecreation.com or by calling (760) 934-8989 ext. 222 Monday through Thursday.

Transient Occupancy Tax (TOT) and TBID remitters are also able to pay their taxes conveniently online. Please copy and paste the following links in your internet browser for additional information or to create an account.

TOT: <http://www.townofmammothlakes.ca.gov/index.aspx?nid=201>

TBID: <http://www.townofmammothlakes.ca.gov/index.aspx?nid=550>

For additional information regarding the Friday office closure beginning January 3, 2014, or to make an appointment with staff, please call (760) 934-8989 and follow the prompts.

Town Amends Mammoth Lakes Municipal Code Regarding Woodstove Inserts

On March 20, 2013, Town Council adopted a resolution amending the Town ordinance establishing standards for new and reconstructed woodstove inserts. Over the last several decades, large numbers of open fireplaces in town have been modified by the installation of woodstove inserts. However, neither the Town nor the fire district nor the woodstove insert manufacturers have had clear and consistent standard governing how the inserts must be installed. The result has been installations that have been demonstrated to be unsafe by a number of fires occurring around woodstove inserts in town.

The fire district and Town staff jointly developed installation standards for woodstove inserts, which are contained in the new ordinance. The ordinance also contains a list of approved woodstove insert manufacturers, but allows contractors and homeowners to request the building official to add other manufacturers.

The amended ordinance would require all new woodstove insert installations to meet the new standards. Recognizing that reconstruction of existing woodstove insert installations can cost several thousand dollars, the ordinance does not require immediate removal and reconstruction of existing inserts. Instead, the ordinance requires nonconforming inserts to be removed or reconstructed upon sale of the residential unit, or by October 31, 2022 if no sale of a particular unit has occurred before then.

Because the woodstove insert installation standards constitute a local amendment to the requirements of the California Mechanical Code, the ordinance includes the specific findings necessary for such local amendments. The findings acknowledge that the unique climatic, geological, and topographical conditions in Mammoth require these amendments. Please contact Town of Mammoth Acting Public Works Director Peter Bernasconi at (760) 934-8989 ext. 232 for additional information.

Mammoth Lakes Police Department Implementing Reserve & Volunteer Program

In an effort to off-set some of the impact resulting from the loss of 7 sworn officers, the Mammoth Lakes Police Department has been moving forward on developing Reserve and Volunteer Programs, and evaluating various forms of technology to help make the MLPD more efficient and effective. The following are some of the programs the MLPD is moving forward on:

RESERVE OFFICER PROGRAM

On February 6, the Town Council approved the establishment of pay scales for Reserve Officers. The pay will be:

- Level 1 Reserve - \$25/hour
- Level 2 Reserve - \$23/hour
- Level 3 Reserve - \$20/hour

Providing pay for Reserve Officers will make the MLPD competitive with other local agencies that have reserve programs and serve as a recruitment and retention tool.

Anyone interested in learning more about the MLPD Reserve Program should contact Sergeant Marc Moscovitz at (760) 934-2011.

VOLUNTEER PROGRAM

Many police departments benefit from active volunteer programs where trained volunteers assist police personnel by staffing front counters, completing reports, and providing community patrols. Retired Sergeant Karen Smart has agreed to manage the MLPD's volunteer program. At some time in the future, information will be released about the types of volunteer work available and the selection criteria. Anyone interested in volunteering with the MLPD should be on the look-out for a news release announcing the start of the program.

TECHNOLOGY

The MLPD is moving forward with technological advances on several fronts. They include:

- An on-line reporting system where certain crimes can be reported on-line.
- An on-line crime and traffic report purchase program where victims of crimes and parties in traffic collisions can purchase copies of reports on-line.
- Access to surveillance cameras at the North Village.
- Surveillance cameras at the Volcom Brothers Skatepark.

The MLPD is also exploring other technology that will make the Police Department more effective in addressing crime, the fear of crime, and quality of life issues.

Free, Real-Time Property Information Now Available!

The Town of Mammoth Lakes and Mono County are proud to present ParcelViewer, the Town and County's official web-based property information system. This free, public, on-line service can be relied upon to provide convenient, accurate and up-to-date information, based on the official Assessor's data-base. Use ParcelViewer to view and print customized parcel information and maps, including:

- Zoning Information
- Property Addresses
- Complex Names/ Condo Unit Numbers
- Parcel Lines*
- Valuation Data
- Acreage
- Aerial imagery of surrounding properties and more!

Visit Parcel Viewer today at <http://gis.mono.ca.gov/parcelviewer/>

Transient Occupancy Tax (TOT) Frequently Asked Questions

Some of the most frequently asked questions about legal rentals and Transient Occupancy Tax (TOT) are:

1. What is a transient rental?

A transient rental is any unit that is occupied for the purpose of sleeping, lodging, or similar reasons for a period of 30 consecutive days or less in exchange for a fee or similar consideration.

2. Can I rent my unit as a transient rental?

Only some zones within the Town of Mammoth Lakes permit transient rentals. The following zones permit transient rentals:

- RMF-2 (Residential Multi-family 2)
- CL (Commercial Lodging)
- CG Commercial General)
- R (Resort, including master plan areas)
- SP (Specific Plan, including North Village and Clearwater)

This list is intended as a guide only. Although the above zones permit transient use generally, other regulations, such as those found in master plans, CC&Rs, or project conditions of approval may prohibit transient rental within a particular development. Generally, transient rental of single family homes is prohibited. A zoning map can be found on the Town's website.

3. What is transient occupancy tax (TOT)?

Transient occupancy tax, or TOT, is a 13% tax that is charged "for the privilege of occupancy of any transient occupancy facility." The tax is required to be paid to the operator of the transient occupancy facility at the time the rent is paid. It is the operator's responsibility to remit the TOT to the Town.

4. Do I need to pay TOT?

If you are renting your unit as a transient rental, even if it is only for one weekend a year, you need to pay TOT. This includes single family homes and other units that are not permitted to rent nightly, but may be doing so illegally. TOT shall be remitted for each night the unit is rented.

5. Do I need a business tax certificate?

Yes, if you are renting your unit on a transient basis.

6. Do I need a transient occupancy tax certificate?

Yes. You are required to purchase a transient occupancy certificate for each rental unit to post in your transient rental property. This is included as part of Schedule E or F in the business tax certificate application.

7. What is the difference between a business tax certificate and a transient occupancy tax certificate?

Business tax is an annual tax and is required for all business activity. The transient occupancy tax certificate is a one-time purchase that is non-transferable. This certificate is required to be posted in your transient rental unit.

8. Do I need a business tax certificate if all of my rentals are handled through a reservation company?

If all of your rentals are handled through a reservation company, most reservation companies will purchase the transient occupancy tax certificate and collect and remit the TOT to the Town. You may wish to check with your reservation company to confirm that this is being taken care of. If you rent your unit by owner in addition to renting with a property management company, you are also required to obtain a separate business tax certificate and transient occupancy tax certificate.

9. How do I apply for a business tax certificate?

The Town's website contains information regarding business tax certificates, including an application for a business tax certificate: <http://www.ci.mammoth-lakes.ca.us/index.aspx?NID=182>. Transient Rentals fall under schedule F for condominium rentals and schedule E for hotels, motels, lodges, and campgrounds. This application can be mailed back to the Town, or submitted in person. The total cost for one unit is \$118.00 (\$65.00 application fee, \$5.00 planning review fee, \$25.00 fee to rent one unit, \$23.00 TOT certificate fee). Additional costs apply for additional units. Business tax certificates are required on or before the first day business commences; penalties will apply for late filings. If you have additional questions regarding this process please contact the Finance Department at (760) 934-8989 ext. 273.

10. Do I have a business tax certificate?

To find out if you have a valid business tax certificate on file, please contact the Finance Department at (760) 934-8989 ext. 273 or your property management company.

11. What is illegal rental activity?

Illegal rental activity is any rental activity that is not consistent with the Town's Zoning Ordinance, or any rental activity that is not compliant with the Transient Occupancy Tax Ordinance. This can include transient rental of units located in zones that prohibit transient rentals. It can also include transient rentals in a zone where it is permitted, but when the TOT is not remitted to the Town.

12. How can I report illegal rental activity?

If you suspect illegal rental activity, you may submit an anonymous tip via the Town's TOT hotline at (760) 934-8989 ext. 275 or on the Town's website via the Transient Occupancy Tax information page. Please include any information that you have that would substantiate the claim, along with the property address and owner's name if you have it. You may also email tot@ci.mammoth-lakes.ca.us. Note that emails are not anonymous, however, staff will do its best to keep your information private.

13. Questions & Anonymous TOT Hotline

If you have questions about TOT enforcement, or if you would like to report suspicious activity or rental advertisements please contact our anonymous hotline. The Town will follow-up on any reports submitted. The Hot Line Number is (760) 934-8989 ext. 275 or email your information to: TOT@ci.mammoth-lakes.ca.us.

Register for CodeRED

Residents of Mono County can register their cell phones to receive emergency CodeRED (reverse 911) alerts from Mono County. This is a county public service available to all Mono County residents so please tell your friends and neighbors in Mono County that they can register for this service. CodeRED announcements are for personal notification and will not replace CERT CAHAN notification. Here is how to sign register/sign up using the INTERNET:

1. Go to monosheriff.org
2. scroll down left side panel to CodeRED community notification system;
3. click on it and follow directions.

Town Outdoor Lighting Ordinance

In 2003, the Town implemented an outdoor lighting ordinance to eliminate light pollution and preserve views of our starry skies. The outdoor lighting ordinance was adopted to encourage residents to administer a lighting system that not only promotes public safety and night-time ambiance but to maximize energy conservation. To eliminate glare and light trespass into neighboring properties and roadways, the outdoor lighting fixtures on your property should be shielded and re-directed to shine downward or changed out to a lower wattage. More information about responsible lighting can be found at www.crlaction.org.
