

Resilient Mammoth Lakes
Draft General Plan
Housing and Safety Element Updates
Public Review and Comment Period Open
April 10 - May 10, 2019

The Resilient Mammoth Lakes project has resulted in drafts of the Town's General Plan Housing and Safety Elements. The intent of the Resilient Mammoth Lakes Project and these updates is to incorporate goals, policies, and actions to make the Town more resilient to a changing climate, help us adapt to future conditions and uncertainties, and improve the economy and quality of life for residents and businesses within the community and surrounding areas.

Upon the close of the comment period the Town will incorporate comments and present the Housing and Safety Elements to the PEDC and Town Council for consideration. We anticipate the public hearing process will begin in June, 2019.

We want your feedback! The documents are available online here: <https://www.townofmammothlakes.ca.gov/895/Resilient-Mammoth-Lakes>. Comments may be provided via letter, email, or in person at the Planning and Economic Development Commission meeting on Wednesday, May 8, 2019 at 2:00 p.m. in the Town Council Chambers/Suite Z (437 Old Mammoth Rd.).
